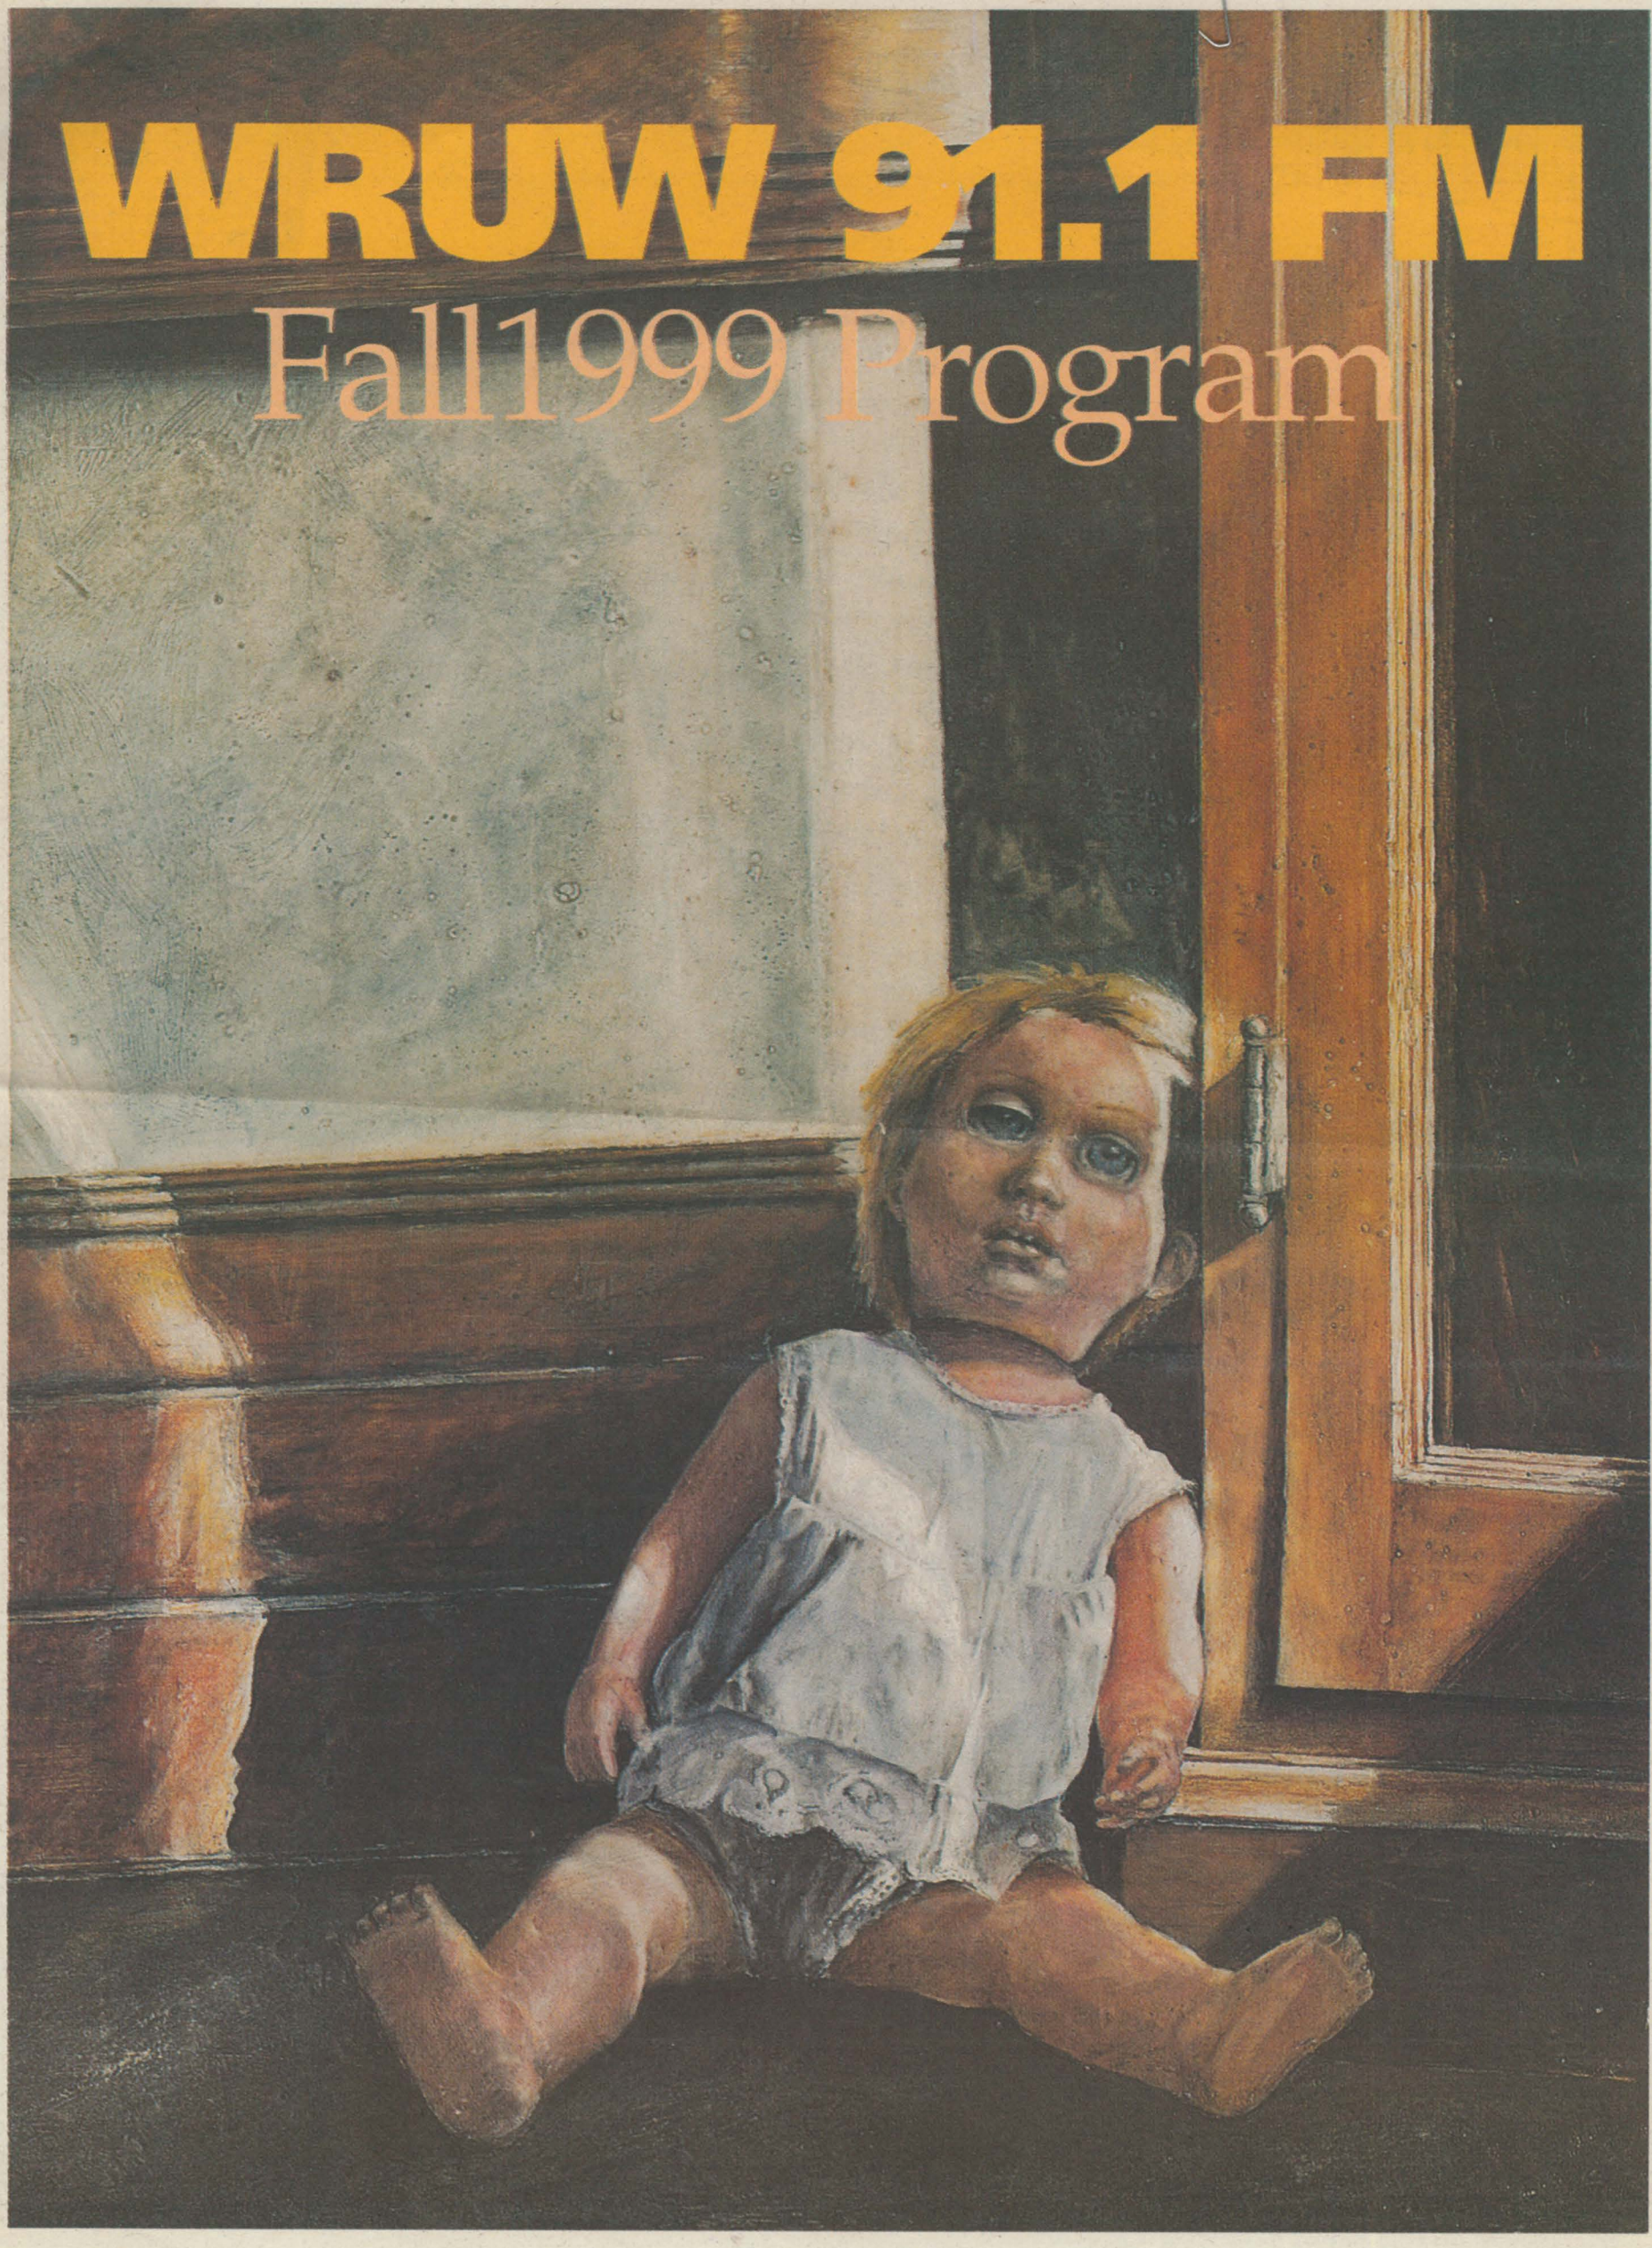
WRUW 91.1 FM

Fall 1999 Program



Dear Free Times Reader,

Change is inevitable. The leaves will soon change color and fall off the trees, the temperatures have already started to fall, football is back (for better or worse), and most importantly and least depressing of all, the new Fall Schedule has started for WRUW-FM 91.1. There are a lot of familiar faces on the Fall Schedule. Among them, Matt Hurd checks in with his Ubiquitous World Consciousness show Sunday mornings from 9 until noon. Listening to Matt's world music show is a great way to shake off the hangover you get from a heavy Saturday night of drinking. Jim Szabo continues with his jazz show, Down by the Cuyahoga, every Friday night from 10 until 2 in the morning. Driving around on a Friday night listening to Jim's show is a treat indeed. Veronica Flores is back on Sunday afternoons from 4 until 6, after a couple of semesters off, with Mucha Muchacha. Veronica's Latin music show is sure to get you moving. These are just three of the familiar faces you will find when you listen to WRUW-FM 91.1.

In one week, WRUW-FM 91.1 carries virtually any genre of music you can imagine. There aren't more than three or four genres of music played on all of the commercial stations in town combined! WRUW airs music that's on the cutting edge, music that dares to be different. When was the last time the commercial stations aired something cutting edge? WRUW-FM 91.1 has no computerized DJs, no playlist, no 50 CD changer with the latest top 40 and 10 CDs from the 80s, no phones, no lights, no motorcars. Well maybe not that extreme, but we do play good, eclectic music that the people of this town deserve to hear.

Soon, you will be able to hear us better than you ever have before. By the time the snow flies, we should have a new 15,000 watt tower that will take our signal farther than it has ever gone before. We are very excited by this tremendous opportunity, and we would like to thank the listeners who donated to our annual radiothon in April. Without these donations, this new antenna and the recently completed Folk & International Festival would not be possible. For those of you who don't know, we are also broadcasting on the internet at http://radio.cwru.edu. So, our plan for taking over the world has been set into motion. Listen to WRUW-FM 91.1 today, before we become too popular and have to sell out.

Sincerely,

Bill Bailey

Bill Bailey
WRUW-FM General Manager
